

EDUCATIONAL WEBSITES

The following are internet sites that may be beneficial to your child. These websites has been evaluated to the best of our ability. In an effort to help ensure the safety of our students, we recommend that all children be supervised by an adult when accessing the internet. The internet is constantly changing, and links valid today may not be valid tomorrow. Please let [Emily Thompson](#) know if there is a broken link. If you have a suggestion for another website, please let us know that as well.
